

Hilder Road State School

2016 – 2019 Strategic Plan - Summary

Where 'Success is embedded in a culture of care'

Annual Implementation Plan

Ensuring the engagement of whole school community to ensure wellbeing for all

Embed school wide Responsible Behaviour Plan & management practices

Support the 'fish creek 4061' efforts to rehabilitate the creek bank and provide opportunities for students to participate in sustainability initiatives.

Continue to look for opportunities to enhance parent and community engagement.

Build positive relationships with local Early Learning Centres and High Schools and implement transition initiatives aligned with Queensland's Advancing Education Action Plan.

Build the capacity of the school's Leadership Team and Year Coordinators

Build quality and consistency in teaching practices

Build teachers' capability in the 'Teaching of Writing' to enhance student performance in writing.

Increase the number of flexible meeting rooms/spaces available in the school and improve access between buildings.

Provide professional development to improve teacher capability in the teaching of STEM in line with Queensland's Advancing Education Action Plan.

Monitor and review attendance data and promote the benefits of regular attendance to students and parents.
